What is PI/CPC?
Why do we need to do it?
How do we do it?

That’s what this conference is all about!!!

It’s our opportunity to learn what, who, how, when, and why, and to reach out to both the public and professionals so that they can learn about us, how we can help, and how we can’t.

If you’d like to be part of the planning committee, please join us on Saturday, April 17th.
